*A Project of
Institute of Management and Technology, Enugu
&
The Consortium for International Education and Development, New York*

Executive Leadership Education Forum

Empowering Leaders for a Changing World

Join a transformative leadership experience designed for professionals across Nigeria's educational, political, and business sectors. Hosted by the Institute of Management and Technology (IMT), Enugu in collaboration with The Consortium for International Education and Development (CIED), New York, USA, this forum equips participants with the critical skills needed to lead in today's fast-paced global environment.

What You'll Gain

Insights from U.S. policy experts, university professors, and leadership coaches

A dynamic peer network of professionals across industries

Practical leadership tools to drive change and boost productivity

A deeper understanding of organizational dynamics in business, government, and nonprofits

Program Highlights

Engaging lectures, interactive sessions, and literature reviews

Personal leadership assessment and development

Real-world problem-solving and solution design

Certification

Participants will receive a Leadership Certificate jointly awarded by IMT Enugu and CIED New York upon successful completion.

Program Overview

This intensive 5-day forum is designed to equip senior and mid-career professionals with the leadership skills needed to thrive in today's fast-paced, multicultural, and ever-evolving global environment. Participants will engage with top U.S. university faculty, leadership coaches, and peers from across Nigeria's public and private sectors.

Key Goals & Outcomes

Participants will:

- Strengthen leadership capacity to serve the common good in diverse societies
- Enhance strategic vision and organizational direction
- Deepen understanding of shared leadership and governance
- Build capacity in human resource management and change leadership
- Advance their careers through practical, high-impact learning

Curriculum Highlights

Transformational Leadership

Innovation & Technology

Public Policy & Ethics

Strategic Communication & Persuasion

Negotiation in the Digital Age

Delivered through:

Interactive lectures & panel discussions
Hands-on workshops & case studies
Self-assessments & personal reflection
Site visits to key institutions in Enugu

Program Topics Overview*Empowering Leaders with 21st Century Skills*

Participants will explore a wide range of leadership and management topics designed to build capacity, inspire innovation, and drive organizational success:

1. Leadership & Management

Master the art of inspiring, influencing, and guiding teams through change and adversity with cultural intelligence and political acumen.

2. Problem Solving, Decision Making & Innovation

Sharpen your ability to make timely, effective decisions and foster innovation in complex environments.

3. Leading Change in Complex Times

Learn to manage crises, navigate public scrutiny, and lead with resilience using real-world simulations and case studies.

4. Politics, Public Policy & Ethics

Explore ethical leadership and the impact of public policy in shaping responsible governance.

5. Legislative Leadership

Gain insights into inter-governmental relations, citizen engagement, and legislative processes with faculty from top U.S. and Nigerian universities.

6. Public Speaking & Presentation Development

Develop persuasive communication skills using storytelling, metaphor, and impactful delivery techniques.

7. Strategic Communication in the Digital Age

Enhance your influence across platforms—from boardrooms to social media—with modern communication strategies.

8. Organizational Leadership & Development

Build adaptive leadership skills to drive innovation, social entrepreneurship, and team performance in a global economy.

9. Leadership in Education

Explore how continuing education and non-credit programs can drive workforce development and institutional sustainability.

10. Artificial Intelligence, Data Science & Business Strategy

Understand the transformative power of AI and data science in decision-making, cost-efficiency, and strategic growth.

11. Project Management

Learn to lead projects from concept to completion with tools for planning, execution, and problem-solving.

Who Should Attend?

This program is ideal for individuals responsible for shaping the strategic direction of their organizations, including professionals in Government & Public Service; Business & Corporate Leadership; Military & Civil Society; and Media & Public Policy.

- Senior government officials & elected leaders
- Corporate executives & business leaders
- Local government chairmen & councilors
- Lawmakers & board members
- Bank managers & nonprofit executives
- Public and private sector senior managers
- Participants may be nominated by their organizations or apply directly.

Accommodations

The host institution will assist participants in securing suitable accommodations for the duration of the program.

Why Earn an IMT–CIED Executive Certificate?

Graduates of the program will receive an Executive Leadership Certificate, a formal recognition of their commitment to professional growth and leadership excellence.

Benefits include:

- Tailored learning in areas of personal and professional interest
- Networking with a diverse cohort of leaders
- Membership in the IMT Executive Certificate Network Group on LinkedIn
- Practical solutions to real-world leadership challenges
